

Digital Learning Framework

Sample Focus Group Prompts

Standard 2.1: Students engage purposefully in meaningful learning activities.

For Teachers

- What does meaningful engagement look like when students are using digital technologies?
- How do you ensure that digital activities are purposeful and not just task completion?
- Can you describe a recent digital task where students were deeply engaged in meaningful learning?

For Students

- Can you tell us about a digital task you found meaningful or useful?
- How do digital tools help you stay focused or interested in learning?
- Do you feel you are learning things that matter when using technology?
