

Digital Learning Framework

Sample Teacher Reflection Prompts

Standard 3.3: The teacher selects and uses teaching approaches appropriate to the learning objective and to pupils' learning needs.

Teacher Reflection Prompts

1. How do you determine which teaching approaches are most suitable for the specific learning objectives of your lessons when incorporating technology?
2. What strategies do you use to assess and address the diverse learning needs of your pupils when planning lessons?
3. How do you select digital technologies to support your teaching objectives and the needs of your pupils?
4. How do you ensure that the digital technologies you use are purposeful and enhance the learning experience for pupils?
5. In what ways do you integrate digital tools to promote literacy and numeracy development across different subjects?
6. Which digital tools do you use for supporting literacy and numeracy skill development amongst your pupils?
7. Are there other digital tools that you would like to have access to for teaching and learning?
8. How do you evaluate the effectiveness of digital technologies and teaching strategies in improving student outcomes?
9. What challenges have you encountered when incorporating digital technologies into your teaching, and how have you addressed them?
10. Have you accessed CPD on assistive technologies before?
