

## ***Digital Learning Framework***

### ***Sample Teacher Questionnaire***

---

**Standard 4.2:** Teachers work together to devise learning opportunities for pupils across and beyond the curriculum.

#### **Teacher Questionnaire**

1. In what ways do you participate in professional online communities to enhance your curriculum planning?
2. Can you provide examples of how you have used digital technologies to work with outside agencies or experts to support student learning?
3. Have your pupils had the opportunity to participate in initiatives outside of school that relate to technology? (e.g. Science Blast, VEX Robotics etc)
4. How do you ensure that your collaborative efforts with others go beyond the traditional curriculum to offer students broader learning opportunities?
