

## ***Digital Learning Framework***

### ***Sample Teacher Questionnaire***

**Standard 1.3:** Manage the planning and implementation of the curriculum.

#### **Teacher Questionnaire**

1. In what ways are teachers involved in the planning and selection of digital tools and resources for classroom use?
2. What professional development opportunities does the school/Digital Learning Team provide to help you use digital technologies effectively in your teaching?
3. How does the school ensure that the curriculum remains broad and balanced while incorporating digital technologies?
4. “Being a Digital Learner” is a key competency in the Primary Curriculum Framework. How do you plan to develop this within pupils?
5. Can you describe any support or guidance you receive from management when implementing new digital learning strategies?
6. How does the school management encourage collaboration among you and your colleagues to share best practices for digital learning?
7. What digital resources are available to you to assist in the implementation of the curriculum? Are there other resources that you think would be beneficial?
8. How does the school monitor and evaluate the impact of digital technology on learning experiences?
9. Are there any barriers to effective integration of digital technologies for teaching and learning?
10. Have you used any new and emerging technologies in your teaching e.g. Artificial Intelligence (AI)?
