

Digital Learning Framework

Sample School Leader Reflection

Standard 3.1: Communicate the guiding vision for the school and lead its realisation.

School Leader Prompts

1. The school's vision includes a strong emphasis on digital learning and innovation.
2. Teachers, pupils and parents were given the opportunity to contribute to the vision for digital technologies.
3. The school's digital learning goals are communicated clearly to staff, students, and parents.
4. Practices that reflect our school's digital vision are modelled by digital leaders and staff.
5. Staff and other stakeholders are involved in reviewing and refining our school vision.
6. Our SSE/digital learning plan aligns with our digital learning priorities.
7. We promote high expectations around digital teaching and learning aligned with our school's values.
8. We track progress towards our digital learning goals at a whole-school level.
9. Key areas such as access to the curriculum, digital citizenship, inclusion, parental involvement and innovation are included in our vision.
10. We include the perspectives of pupils, school staff and parents in our vision.
